THE WEDDING COLLECTION

YOUR WEDDING. YOUR STYLE. YOUR WAY.

Special moments. *Unforgettable memories.*

DJs, performers & the finishing touches.

CHESTER · CHESHIRE · UK

A WARM WELCOME FROM OUR FOUNDERS

Made personal.
From the start.

Congratulations on Your Upcoming Wedding

This is the beginning of something wonderful, and we would love to help you celebrate it. Our shared vision is simple: to help make your special day everything you have dreamt of, with music, atmosphere and personal touches that feel like you.

From our first conversation to your final song, we will listen to your ideas and help bring the details together, so you can enjoy the moments that matter with the people you love.

We look forward to celebrating with you.

Mike & Chris

THE PEOPLE BEHIND YOUR CELEBRATION

Meet Mike & Chris

Mike James

CO-FOUNDER

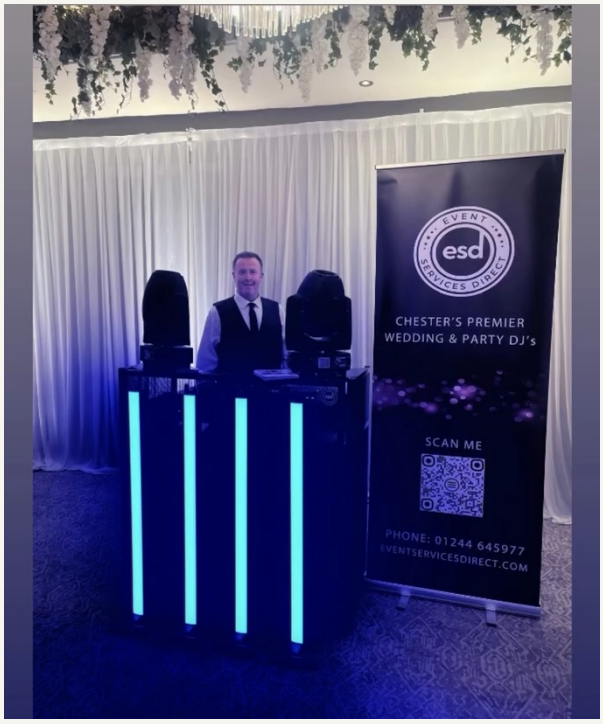

DJ & WEDDING HOST

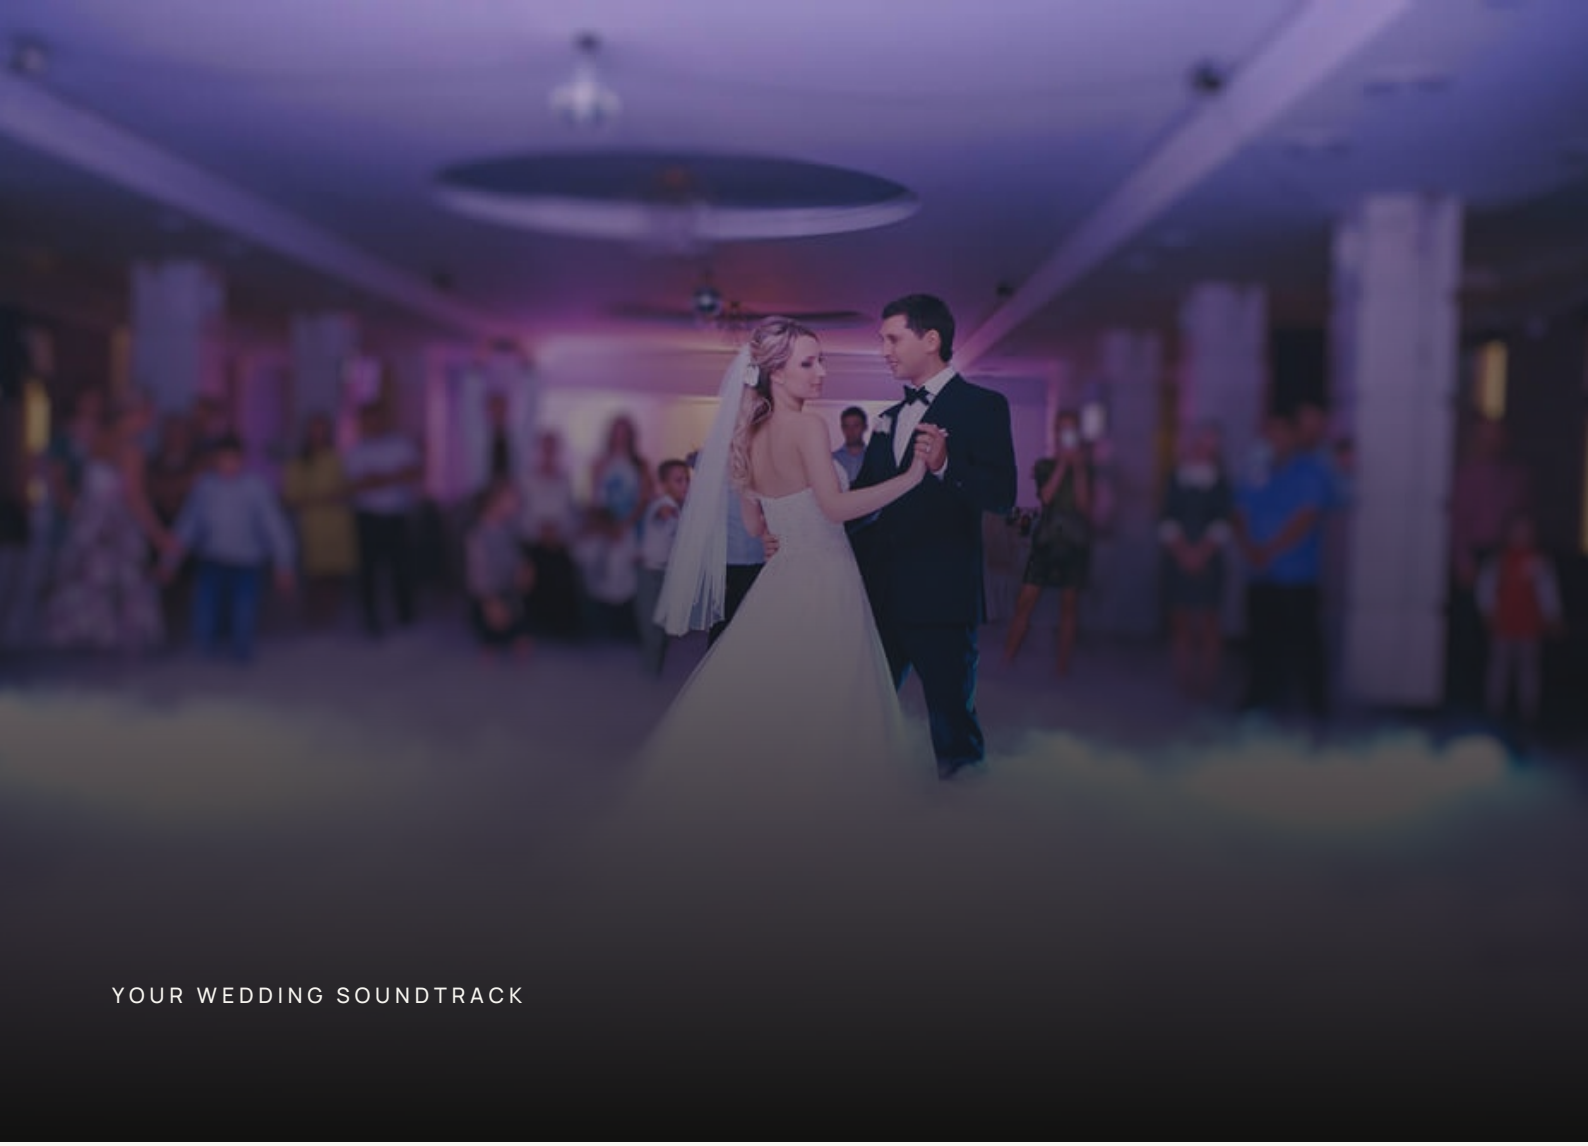

With over 25 years of experience, Mike brings creative mixing, familiar favourites and his own remixes to the dance floor. His wedding services include evening DJ entertainment, daytime hosting and an all-day option, shaped around your music and the atmosphere you love.

Chris Lynes

CO-FOUNDER · WEDDING DJ

Chris brings over 30 years of DJ experience and a friendly, personal approach. His early career in Greece and the Canary Islands helped shape his feel for different audiences. For your wedding, he combines your favourite songs with music that responds to your guests.

YOUR WEDDING SOUNDTRACK

From your first dance *to one more song.*

A wedding evening with your favourite people and the music that brings you together. Your DJ takes your ideas and responds to the room, building an evening around you and your guests.

PERSONAL TO YOU

The music you love.

Share your must-play songs, your do-not-play choices and the styles that feel like you. There is room for guest requests, too, guided by your preferences.

THOUGHTFULLY PLANNED. NATURALLY YOU.

Every part of the day. *One personal approach.*

01 / THE EVENING

Your wedding reception.

First dance, favourite songs and evening announcements, with sound and lighting agreed around your venue and plans.

---

02 / THE DAYTIME

A thoughtful welcome.

Ask about daytime wedding hosting, from ceremony and background music to introductions and speech microphones. Coverage and hosting arrangements are agreed around your plans.

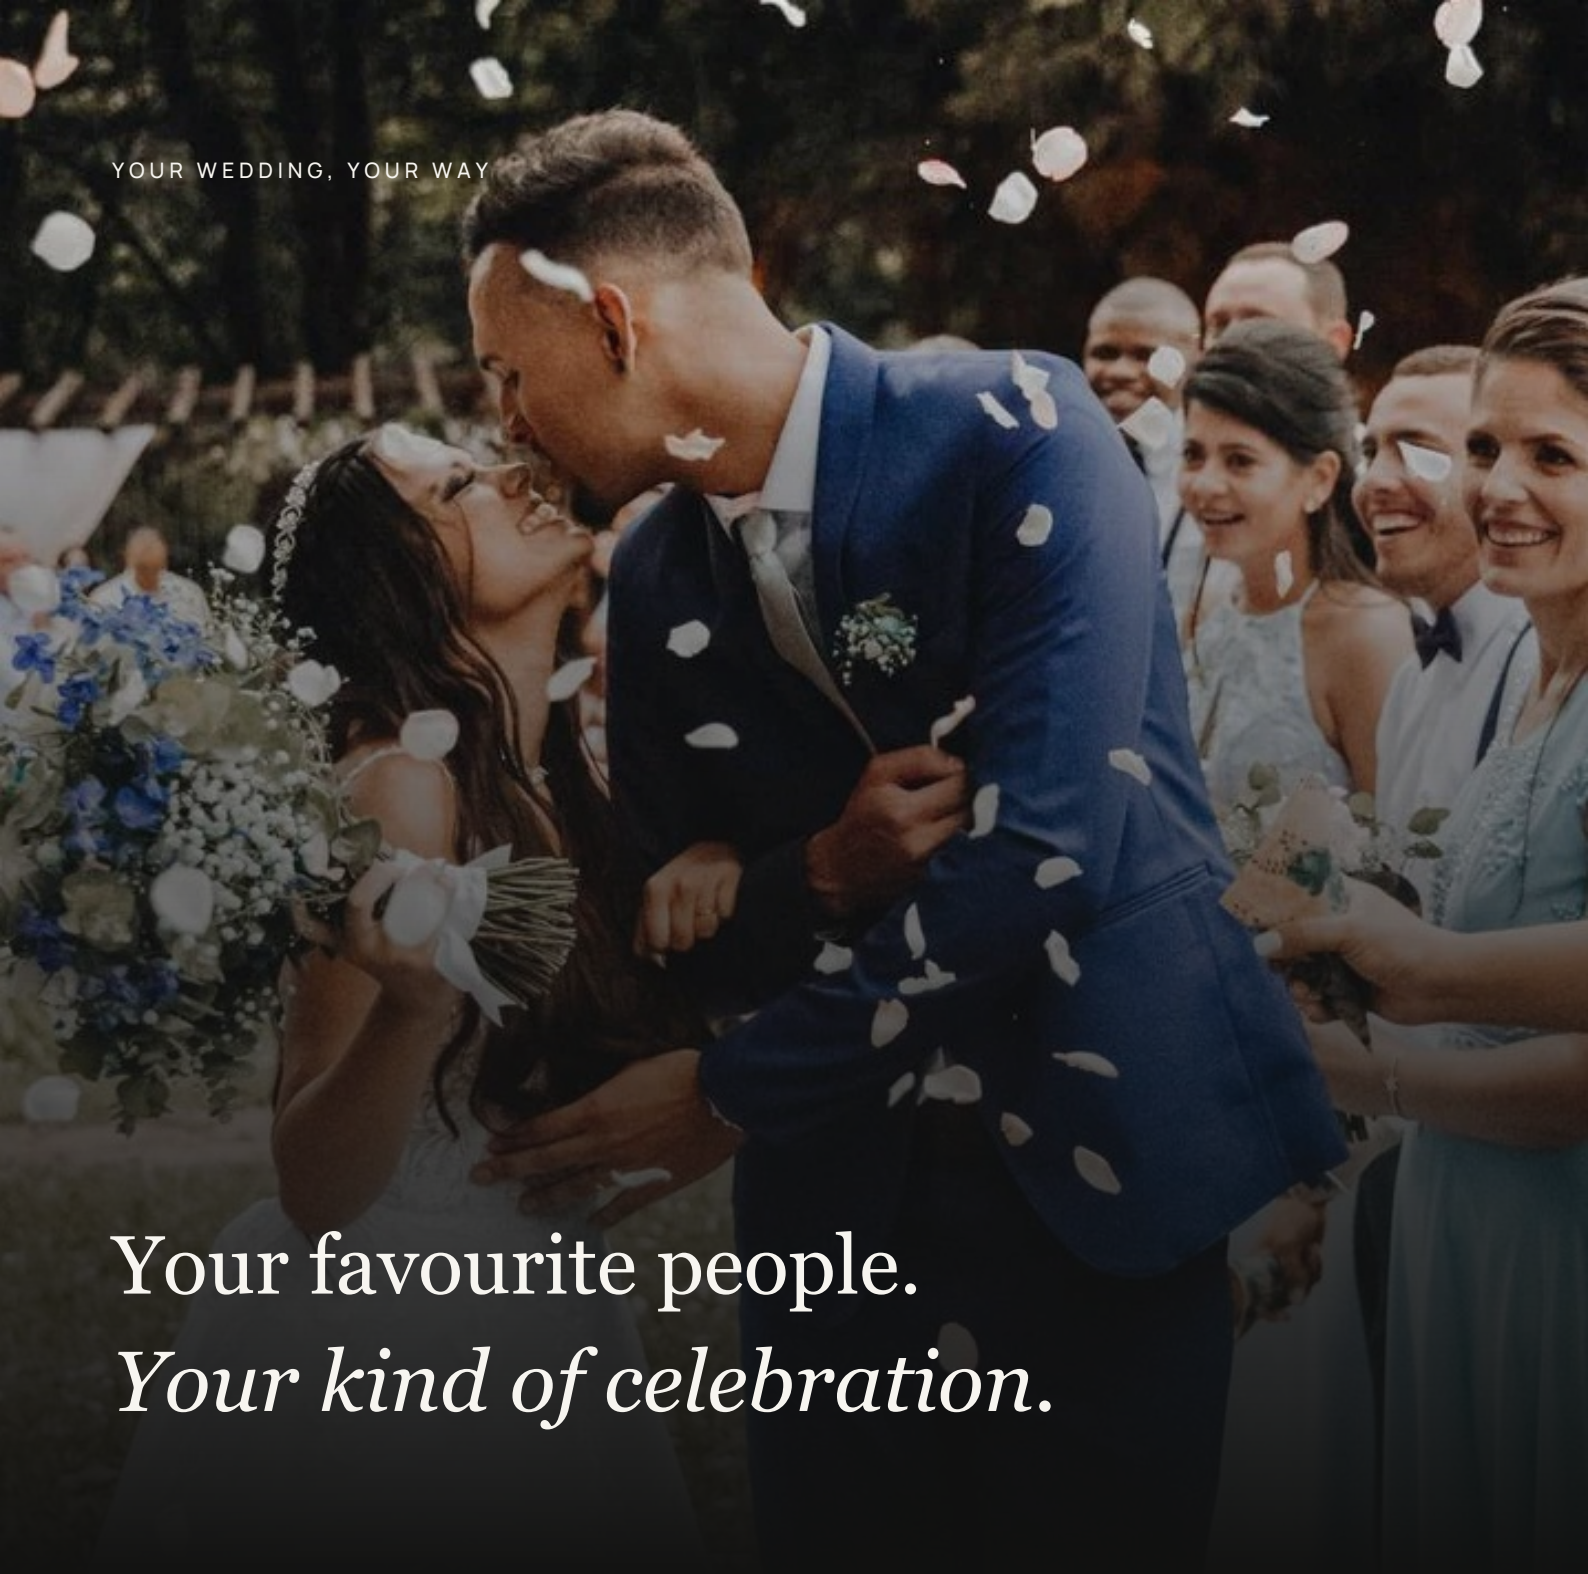

---

03 / THE WHOLE DAY

From welcome to last dance.

Explore combining daytime hosting and evening DJ entertainment for a familiar face through your wedding. We will confirm a suitable host and DJ, timings, equipment and the level of interaction you would enjoy.

Use the online planning portal to bring your favourite songs, requests and key moments together. Your DJ and service arrangements are confirmed subject to availability.

Your favourite people.
Your kind of celebration.

A relaxed beginning. A first dance that means everything. An evening full of the songs you love. Start with the feeling you want to create, and let us help you bring it to life.

Choose the music, live performances and finishing touches that feel right for you. Each detail can play its part in a wedding that is personal from beginning to end.

THE DETAILS THAT FEEL LIKE YOU

Find your combination. *Make it yours.*

01 / YOUR SOUNDTRACK

Start with your music.

Share the songs you love, the tracks you would prefer to avoid and the first dance you have in mind. Use the planning portal to bring your requests and key moments together.

---

02 / YOUR ATMOSPHERE

Add the feeling.

Explore live sax and bongos, uplighting and a starlit dance floor. Tell us your venue, guest numbers and the energy you would like, and we will discuss suitable options.

---

03 / YOUR MEMORIES

Choose your finishing touches.

Make a moment of your first dance, capture the fun with a selfie pod or keep heartfelt messages from your guests. Enhancements can be hired with or without an ESD DJ.

Availability, performance timings and setup are agreed around your plans. First Dance Effects require venue approval and suitability.

High Energy.
Ibiza-Style Vibes.

The tracks you love, with live sax and percussion at the heart of the party. Bring a fresh burst of energy to your wedding and put your favourite people in the middle of the celebration.

From Ibiza-inspired house to feel-good party favourites, make the sound your own. Choose Live Sax, Sax & Bongos or DJ, Sax & Bongos, with performers and timings discussed around your plans.

MELODY. RHYTHM. YOUR PEOPLE.

Turn up the feeling. *Bring it to life.*

01 / MELODY & PERSONALITY

Live Sax

Choose sax on its own for a live layer over the tracks you love.

02 / MELODY & RHYTHM

Sax & Bongos

Add live percussion for extra movement and energy, bringing melody and rhythm together.

03 / THE FULL PARTY

DJ, Sax & Bongos

Combine an ESD DJ with live musicians. Performances, sound arrangements and timings are discussed in advance so the evening works together.

MAKE IT PERSONAL
Tell us your favourite tracks, whether you have already booked a DJ and the moments you would like live music. Special requests and set lengths are agreed with the performers before confirmation.

A room with *a little more glow.*

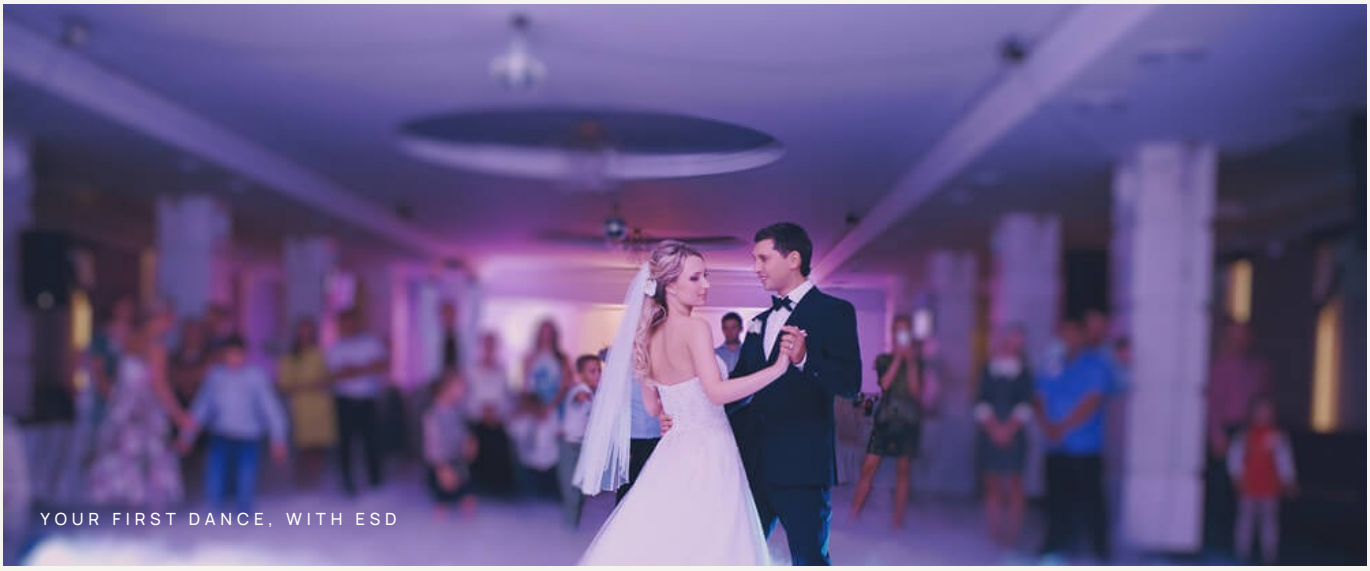

Warmth, colour and atmosphere. Uplighting draws out the walls and architectural details of your venue, making the space part of your celebration.

Choose full-day or evening lighting. Most colours can be matched to your wedding, with setup arranged for the part of the day you need.

A PLACE TO COME TOGETHER

First dance.
Lasting sparkle.

A white, twinkling starlit dance floor creates a focal point for your wedding evening, from that first song together to the final dance with your favourite people.

YOUR FIRST DANCE, WITH ESD

Find your fit.

Choose from 12 × 12 ft, 14 × 14 ft or 16 × 16 ft. We will discuss your guest numbers, the available space and the best fit for your venue.

Installation is arranged before the evening, or earlier if required. Dance floors can be hired with or without an ESD DJ.

Just the two of you. *A little magic.*

DANCING ON CLOUDS

A low-lying dry-ice effect creates a soft, cloud-like setting around the dance floor. An intimate moment, with a beautiful backdrop for your photographs.

Set up near the dance floor in the evening, ready for your first dance. Hire it on its own, or combine it with cold sparks and confetti.

MAKE YOUR MOMENT

A little theatre. *A joyful finish.*

01 / COLD SPARK EFFECTS

Frame the two of you.

Sparkling fountains of light, operated by an experienced professional. ESD holds dedicated insurance for this effect; space and setup are discussed with your venue.

02 / CONFETTI CANNONS

Celebrate your song.

A double-shot burst of confetti for a favourite chorus or the end of your first dance. Choose it individually or bring the three effects together.

All effects require venue approval and suitability. Agree your chosen moment with ESD, your venue, DJ and photographer before the day.

CAPTURE THE CELEBRATION

The biggest smiles.

Find your perfect pod.

01 / SELFIE PARTY POD

Bring everyone together.

An easy digital photo experience for your guests to enjoy throughout the party.

02 / LUXE SELFIE POD

A little more luxe.

A premium pod, with optional personalised screens featuring your wedding graphics or video.

Both pods offer three hours of digital hire as standard. Longer hire is available on enquiry. Add prints and a guest book to collect photographs and messages from your favourite people.

Available with or without an ESD DJ. Setup is arranged before the evening, or earlier if required.

KEEP A LITTLE OF THE DAY, FOREVER

The faces you love.
The messages you'll treasure.

Prints & *guestbooks.*

Add printed photographs and a guest book to either selfie pod. A collection of smiles, messages and memories to enjoy long after the wedding.

AUDIO GUEST BOOK

Their messages. Your memories.

Let your guests leave spoken messages: the laughter, the well wishes and the stories that make your wedding yours. A personal way to keep the sound of the people who shared your day.

Choose evening or all-day hire, with setup arranged accordingly. The Audio Guest Book can be hired with or without an ESD DJ.
